

Peas

Campus

large blue pea

Campus is a high yielding large blue pea variety with proven high standing power on the farm. It has good colour retention, good resistance to Downy mildew and is resistant to Pea wilt.

Campus has a leading position in the marketplace with over 20% of the large blues certified in the UK and an excellent reputation with end users - and is popular with growers due to its standing power and harvestability.

- ✓ Campus has the best standing ability at harvest.
- ✓ Campus has consistently produced high seed yields on farm.
- ✓ Campus shows no brown staining, making it ideal for the end user.

Yield, agronomic characters, disease resistance and seed characters	Campus	Daytona
Yield as % of control (4.77 t/ha) 5 year mean	93	96
Earliness of ripening	4	6
Shortness of straw	4	5
Standing at harvest	8	6
Resistance to Downy mildew	6	7
Thousand seed weight	281	278
Protein content (% dry)	22.0	21.7

Data source: PGRO Recommended List of Combining Peas in 2018.

1-9 scales where a high figure indicates that the variety has the character to a high degree.
